

TEACHING WITH TECHNOLOGY (L&S LEARNING SUPPORT SERVICES)

Teaching with Technology (L&S Learning Support Services)

This text is disseminated via the Open Education Resource (OER) LibreTexts Project (<https://LibreTexts.org>) and like the thousands of other texts available within this powerful platform, it is freely available for reading, printing, and "consuming."

The LibreTexts mission is to bring together students, faculty, and scholars in a collaborative effort to provide an accessible, and comprehensive platform that empowers our community to develop, curate, adapt, and adopt openly licensed resources and technologies; through these efforts we can reduce the financial burden born from traditional educational resource costs, ensuring education is more accessible for students and communities worldwide.

Most, but not all, pages in the library have licenses that may allow individuals to make changes, save, and print this book. Carefully consult the applicable license(s) before pursuing such effects. Instructors can adopt existing LibreTexts texts or Remix them to quickly build course-specific resources to meet the needs of their students. Unlike traditional textbooks, LibreTexts' web based origins allow powerful integration of advanced features and new technologies to support learning.

LibreTexts is the adaptable, user-friendly non-profit open education resource platform that educators trust for creating, customizing, and sharing accessible, interactive textbooks, adaptive homework, and ancillary materials. We collaborate with individuals and organizations to champion open education initiatives, support institutional publishing programs, drive curriculum development projects, and more.

The LibreTexts libraries are Powered by [NICE CXone Expert](#) and was supported by the Department of Education Open Textbook Pilot Project, the California Education Learning Lab, the UC Davis Office of the Provost, the UC Davis Library, the California State University Affordable Learning Solutions Program, and Merlot. This material is based upon work supported by the National Science Foundation under Grant No. 1246120, 1525057, and 1413739.

Any opinions, findings, and conclusions or recommendations expressed in this material are those of the author(s) and do not necessarily reflect the views of the National Science Foundation nor the US Department of Education.

Have questions or comments? For information about adoptions or adaptations contact info@LibreTexts.org or visit our main website at <https://LibreTexts.org>.

TABLE OF CONTENTS

Licensing

1: Online Discussions

- 1.1: Online Discussions Introduction
- 1.2: The Four Roles of an Online Instructor
- 1.3: A Conversation about Online Discussions
- 1.4: Online Discussions Activities
- 1.5: Real World Applications
- 1.6: LaTeX Testing

2: Media Arts Production

- 2.10: Final Project: The Small Mundane Presentation
- 2.1: Overview of Media Arts Production
- 2.2: The Nature of Multimedia
- 2.3: Design Guide
- 2.4: Project #1: A Single Image
- 2.5: Media Arts and the University Lecture
- 2.6: Video Editing Activities
- 2.7: Mobile Media Production
- 2.8: Mobile Production and the Step-by-Step Video
- 2.9: Intermediate Editing

3: Blended Learning

- 3.10: Creating a Blended Learning Activity
- 3.11: Next Steps
- 3.1: Introduction to Blended Learning
- 3.2: What is Blended Learning?
- 3.3: Blended Learning Definitions
- 3.4: Blended Learning Models & Examples
- 3.5: Blended Learning Design
- 3.6: Blended Learning Design Approaches
- 3.7: Learning Objectives
- 3.8: Strategies for Crafting a Module Blueprint
- 3.9: Instructional Strategies in Blended Learning

4: Active Learning

- 4.10: Practical Active Learning Ideas for Large Lecture Courses
- 4.11: Active Learning in Blended & Online Classes
- 4.12: Practical Active Learning Ideas for Blended & Online Courses
- 4.1: Active Learning Introduction
- 4.2: What is Active Learning?
- 4.3: History & Context for Active Learning
- 4.4: Active Learning Models & Approaches
- 4.5: Why Use Active Learning in Smaller Classes?
- 4.6: Active Learning Case Study
- 4.7: Active Learning Spaces

- [4.8: Practical Active Learning Ideas for Smaller Classes](#)
- [4.9: Active Learning in Large Lecture Courses](#)
